Rokky Mahajan

PERSONALITY

1. My real name is Rajat Mahajan i changed it by consulting a numerologist to ROKKY MAHAJAN and i love it too gives me energy. Yes according to sun sign it's good for me to live near water that's why Mumbai suite alot. Turned out to be lucky by both the things.

2. I always did a lead charector in school plays and stage shows. Got first prize as well. Loved art and drama and other activities was average in studies. Although I was shy but on stage i was active and love painting that I still do in free time m always wanted to be an actor . And was not very for but as a grew i took care of that's as well. Did many certifications and trained any trainer and top shots of Delhi.

**Our team member Rohit
Bisaiya with him.**

Rokky Mahajan

When I was 18 i was 150 kgs fat. Then one day got up and it was hard d for me to breath. That clocked and stayed training ony own. I tooke 1 year with cardio and serious weight training i came down to 90 kg . That'sotivayed to study fitness

Startedy carreer as a fitness consultant that I still do. Had a gym before pandamic. From there I got a chance to work in a biggest malyalam movie as second lead villian . Rest is history . Still training some people in Mumbai and Delhi and some online clients

With a hoegjt and body like me it's not easy to fit in every role. Was very challenging. As i got into acting. Moved away from my fitness line. Then after 2 movies i realised that fitness is something that will never keep me down so i started it again side by side and there was no sound income from acting in the starting. Life is still a struggle but it's smooth . Ups and downs will always come what matters is how you handle it.

Rokky Mahajan

PERSONALITY

First when I got into fitness then also I was opposed and after getting into acting again same happened. Still fighting to make a place. I have no social circle. When I did good everyone appreciates and if they see me doing nothing all stays criticizing. But i know how to deal with it. There are few around me to support me but not many.

Tips i got from Arunoday Singh like abrother that before choosing your role always see how important it is dosent matter it's big or small impotence matters. Another actor and my guru Ravi Singh is always read your lines don't just learn them understand what it's saying and don't be in a hurry to say your lines. Take your time and feel the scene .

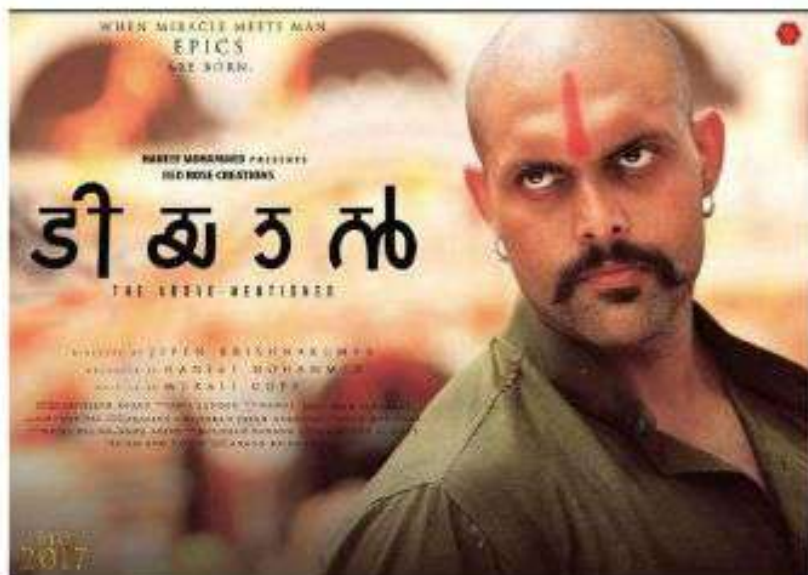

Rokky Mahajan

Still working hard. No matter what gym or no gym eat well, workout atleast 30-45ins keep working on acting skills. Wona be a good actor and become an amazing villian like late Shri Amrish Puri sir

Upcoming movies
Varchasva , God father, Zora

I got my first movie i was called for 10 days by director liked me and i came after 2 months. My role was increased, dilogue were increased. Was like a bless .

Childhood Moments

WRITTEN BY
KHUSHI MISHRA

Hails from a family with deep moral values. Every act of parents was a great lesson in itself; grew up with values like..

- *Hard Work always pays
- *Draw bigger line instead of rubbing another
- *Never look at someone else's plate.
- *We get what we give..Thumb Rule of nature which never changes for anyone!

Funny moment...
I have a twin brother & as usual, we always fought. I was much more brilliant in studies & obtained better marks than him. To settle score, he told me that i was an adopted child as i was the only child with dark complexion out of all 6 siblings. I believed him & started crying.
My mother than told me that I am dark because Kanha loves me most. Since that day, Kanha became my most favourite God!

Support & opposition faced

WRITTEN BY - KHUSHI MISHRA

Family & friends are the best support system always. Like-minded people always helped out & supported.

But there are people who wait to pull carpet from under feet at the slightest opportunity. Such people did harrass but truth & hard work prevails & honesty wins.
