Empathy and love. These two words define the person I am today and the journey I have had till now. As a 10-year-old child, I remember scrambling through my house trying to find clothes and food for our house help's children. Whatever I do today is with the same innocence and spirit.

Most of my work revolves around this emotion where I am currently actively working for upliftment of underprivileged, education for children and youth and preserving the environment.

Born in a social and politically aware family, we were raised by an intelligent home maker and Ex MP Minister and Governor of Himachal Pradesh. A lot of my sensibilities had been instilled since childhood where the good of the society was always the priority.

I got married to an amazing Indian Air Force Officer, who literally gave me wings to explore new places, communities and in the process made me more aware of the need to contribute to different segments of the society across our beautiful Nation.

A very proud daughter of Lt. Mrs. Batool Fatima and Ex Governor Lt. Barrister Gulsher Ahmed.

My strength, my family, my husband Wg.Cdr. A. S. Khan, my daughter Sumbul, my son Sainal, Dennis my son in law and Archita my daughter in law.

The youngest star member of our family, my grand daughter, Aqeera. She is the youngest and the most beautiful member of success foundation.

I truly believe that life is not only precious, but indeed magical! From a seed to a tree, from a few cells to a human being, I believe in the magic that this world has in store. The almighty has given us the responsibility to fill the gaps that were left and make this world a better place.

One of my greatest dreams is to channel my energy, resources and thoughts for working towards the upliftment of the underprivileged. This will help fill any gaps that we can see in the society and reclaim that little magic for the world to see.

Success Foundation endeavors to be a part of the solution. I have worked as a Teacher and Principal for various schools across the country. We have been working tirelessly in outskirts of Delhi/NCR to enable underprivileged children to secure admissions in schools, providing training to teachers at these schools, educating teachers and parents on nutrition and spreading awareness about the environment. We have planted more than 2,00,000 trees in Delhi/NCR area and conducted regular trainings sessions for youth and women to empower them to earn their livelihood gracefully.

The most memorable cultivation – my two wonderful children who have become a very kind and passionate human beings.
